HARDING HAS SELECTED 7 FOR CABINET

Lays To Be Postoffice Chief, Hughes For State Post

ONLY TENTATIVE

Lowden Is Choice For Manila Job, But Is Reluctant

(U. S. Naval Radio through Reuter) St. Augustine, Fla., Feb. 17.—President-Elect Harding has tentatively decided on the choice of seven members of his Cabinet. The appointments to be made to the Departments of the Navy, Commerce and Labor, however, are still unsettled.

Mr. Hays, it is understood, has been selected as Postmaster-General. Mr. H. K. Daugherty as Attorney-General, Judge Hughes as Secretary of State. Mr. Fall as Secretary of the Interior, Mr. Andrew Mellon, of Philadelphia, Secretary of the Treasury, Mr. Henry Wallace, of Iowa, as Secretary of Agriculture and Mr. John Weeks as Secretary of War. It has developed that Major-General Wood is being seriously considered as Governor-General of the Philippines. The appointment is expected to be made soon after Mr. Harding's inauguration. President Mr. F. O. Lowden is understood to be the choice of the President-Elect, but it is uncertain whether he will accept. Mr. John Hays Hammond and Mr. Hoover are being discussed for the Portfolio of Commerce and Mr. J. J. Davis and others in connection with the Labor Department.

Piece Goods In Another Slight Price Increase

Prices again showed a slight improvement in the piece goods line of yesterday and the indications that the market is gaining strength were increased.

The following communication has been received from the Woolen Merchants' Association with regard to the letter directed to the foreign importers, asking concessions:

Dear Sir: On account of a clerical error, the important word "delayed" was left out before the word "goods" in paragraph two under Section B. of our letter to the foreign firms engaged in the woolen import trade. The paragraph should have read as follows: "According to established usage, Chinese dealers are not obliged to accept delivery of delayed goods already shipped at not yet arrived." This unfortunate omission left the impression that the Chinese Woolen Merchants' Association is asking for a wholesale cancellation of contracts. Such is not the case. We are asking for the cancellation only of such goods whose arrival had been delayed beyond the contract time.

With reference to our suggestion to fix the exchange at six shillings to a tael, we are not aware of the fact that we are asking for an accommodation from the firms which will mean loss to them temporarily of about forty-five percent of the value of the goods. It is not correct, however, to say that this is in the nature of a present. We propose to compensate the foreign firms for their loss at the market rate of exchange by giving them promissory notes which will be honored as soon as business conditions improve. This is an established Chinese custom.

We thank you, sir, for the publicity which your columns have given to this matter. We may not all agree as to the best measures to remedy the situation. But there can be no question whatever as to the seriousness of the situation. Action of some sort must be taken to meet the situation. We fully agree with you that recourse to the fixed court will bring but little satisfaction and that the Chambers of Commerce might move a connection with this particular matter.

We are,
Yours faithfully,
The Woolen Merchants' Association.

CRANE TO RESIGN IF RADIO PACT IS BROKEN, BELIEF

American Minister Sent Urgent Messages To State Department

NOTE STRONGLY WORDED

Repudiation Would Be Violation Of Open Door Policy In China

(Reuter's Service) Washington, Feb. 17.—Official circles express confidence that the controversy with China regarding the cancellation of the American Wireless contract will be satisfactorily terminated before President Harding's installation.

The United States Note to China was dispatched through Mr. Crane, after the latter had repeatedly informed Washington that the cancellation of the contract would be a blow to the open door policy in China. The Note is strongly worded, and is believed to forecast the possibility of Mr. Crane's withdrawal in the event of the Chinese Government persisting in the intention to cancel the contract.

AMERICAN LEGION TO HAVE DINNER AT CLUB TONIGHT

Ex-Service Men To Get Together For Social And Business Session

The Executive Committee of the Frederick Ward Post of the American Legion announce a "Get-Together Dinner" for the legionnaires to be held tonight at the American Club. As this is the first gathering of the Legion since the new officers were installed, the Committee hope for a record attendance.

After dinner the Committee will tell the members of the program which has been laid out for the coming year's activities. The Executive Committee, on behalf of the Post, extends a most cordial invitation to all persons eligible for membership in the Legion, as well as members now in Shanghai of other Posts, to be present on this occasion.

Chinese Organisation Holds Session Today In Committee Matter

The Chinese Ratepayers' Association will hold a meeting today to discuss and consider the letter issued by the Municipal Council Thursday in which that body reiterated its stand against the acceptance of the recently elected Chinese Advisory Committee. It is expected that there will be a reply to the Council within the next few days.

ENGLAND FIRM IN DEMAND TO TRY WAR CRIMINALS

Attorney General Explains Why German Murderers Have Escaped

45 MUST BE HANDED OVER

Believes Some Of Those Wanted Have Already Been Arrested

(Reuter's Service)

London, Feb. 17.—In the House of Commons today, the Attorney-General, replying to questions, said that owing to the German Government's fear of political difficulties if the Allies insisted on the surrender of all war-crime criminals, the latter-Allied Commission, had submitted a list of forty-five selected persons for trial at Leipzig. The British Government had contributed seven names, viz: two for sinking hospital ships, one for the murder of a British crew by a submarine, and four for cruelty to war-prisoners. Subsequently, the German Government represented the difficulties of obtaining evidence, but the Allies had collected and submitted depositions. Up to the present, none of those accused had been brought to trial. He denied that some cases had been settled, and said it was the Government's intention to enforce a trial.

The Attorney-General admitted that there had been unreasonable delay on the part of Germany. He was not aware whether the German Government had refused passports to any criminals to leave Germany, but he believed that at least some of the accused had been arrested.

"Can't And Won't Pay," Von Simons Again Repeats At Karlsruhe

(Reuter's Service)

Berlin, Feb. 18.—Speaking again at Karlsruhe, the Minister for Foreign Affairs, Dr. Von Simons, has repeated Germany's refusal to accept the Allied reparations plans. He declared that the Allies had reckoned without their host, for they would not succeed in obtaining such a draft on the future.

He anticipated that the Allied representatives at the London Conference would rebel against the German counter-proposals, whereupon the situation would be the same as before the Paris Conference. The stipulations of the Peace Treaty would then remain in force, whereunder the Allies must communicate their reparation claims to Germany by May 1, and a decision must be reached regarding the terms of payment, after which the Reparations Commission would periodically consider Germany's ability to pay.

Australians To Get Duty Rebates

(Reuter's Service) Melbourne, Feb. 17.—The Commonwealth Government has decided to make certain refunds arising from a recent High Court judgment, laying down that the calculation of duty on foreign goods should be based on the commercial rate of exchange and not on the par value of the currency of the country of origin.

"Premature" To Talk Disarmament

(Reuter's Service) London, Feb. 17.—In the House of Commons today Viscount Curzon (South Battersea) asked whether steps had been taken, or were contemplated, to approach the Governments of America and Japan, with a view to a definite understanding for the limitation of armaments.

Mr. Lloyd George replied that the question was engaging the earnest attention of the Government, but it would be premature to make any statement on the subject.

Sixty-six Zeps Met Tragic End In War, Germans Now Admit

(French Radio through Reuter)

Paris, Feb. 17.—According to figures furnished by the Germans themselves, of the 88 Zeppelins which were put into service, 60 came to a tragic end and only 17 were spared. The losses are summarised as follows: 34 were brought down by the Allies; two were destroyed in entering or leaving the hangars; 13 were victims of fire (accidental); 10 were destroyed in making landings; four went adrift, following up on engine trouble; one was set on fire by lightning; one broke from its moorings and disappeared, and one fell in the North Sea.

JAPS ENGAGE IN OPIUM TRADE IN CHINA, CHARGE

Government Spokesman Hotly Denies Official Knowledge Of Traffic

(Reuter's Pacific Service)

Tokyo, Feb. 18.—Mr. Kohashi, a Kokuminto member, speaking to a resolution in the Diet, drawing attention to alleged "irregular" activities in connection with the opium traffic in the Kwantung Peninsula, affirmed that the "Kosaido" concern, which had the opium monopoly in Kwantung, though nominally Chinese, was really Japanese. He further asserted that, according to the books, this concern netted for the Japanese behind the scenes ¥286,500 between August, 1919, and March, 1920.

He alleged that such large profits were due to close relations between Japanese and high officials of the Kwantung administration. He asserted, finally, that the irregular transactions had assumed such proportions that the drug must be smuggled out of Kwantung into other parts of China, where its use was prohibited.

Governor-General Yamagata replied that the Government had in no way contravened international morality, and that such smuggling as was going on had been illegal and beyond the Government's control. He emphatically denied that the Government had had any connection with irregular transactions, and said he was inclined to doubt the authenticity of the books quoted.

DANIELS WANTS U.S. OWNERSHIP OF RADIO PLANTS

Secretary Fears Interlocking With Owners Of Big Cable Companies

(U. S. Naval Radio through Reuter)

Washington, Feb. 17.—Mr. Page, chairman of the Senate Naval Committee recently asked Mr. Joseph Daniels, Secretary of the Navy, for his opinion on a resolution introduced by Senator Poindexter, calling for the regulation of the operations and further development of radio communication. In doing so, he said he was fully aware of the opposition that existed to the Government ownership of public utility services.

Mr. Daniels has now replied in a letter, in which he makes a plea for the federal ownership of all high-power radio stations, and declares that if there is one thing in which there should be a monopoly it is a monopoly of the air. This monopoly should not be given over to private interests. He declares that experience before and during the war demonstrated that radio stations within the United States were being used for the transmission of treasonable messages. "One grave danger that confronts us," he writes, "is the possibility—I might even say the probability—of the combination, through interlocking directors, of private cable interests with private radio interests; for it is inconceivable that the interests that own and control cables might also be interested in a radio corporation."

GEORGE L. SHAW SUES F.E. REVIEW ON LIBEL CHARGE

Asks \$50,000 Of G. B. Rea And Patrick Gallagher Because Of Article CALLED "SINN FEINER"

Caustic Comment In Magazine Stirs Ire Of Man Long Held By Japanese

(Reuter's Service)

George L. Shaw of Antung, whose arrest last summer by Japanese authorities in Korea became a matter of international moment through the months Mr. Shaw was confined, filed a suit yesterday in the United States Court for China to recover \$50,000 from George Benson Rea, publisher and Patrick Gallagher, editor of the Far Eastern Review for alleged libel. The action was filed by Attorney Stirling Fessenden, representing Mr. Shaw. In his petition Mr. Shaw refers to his imprisonment by the Japanese, saying that by reason of the treatment accorded him by the Japanese Government when this happened he became "a person of international reputation" and he alleges that an article published in the Far Eastern Review in the September issue tended to injure him and bring his name into disrepute.

OTHER ALLEGATIONS

He alleges that this article represents him as an enemy to Great Britain and to other friendly nations and asserts that the publication styled him an "Asiatic Sinn Fein" to his injury. The petition sets forth that the words of the article are "false and defamatory."

The article upon which the libel action is based was penned by Mr. Gallagher under the title "Asiatic Sinn Fein." Its opening paragraph runs: "Politics," we are told, "make strange bedfellows. They do. The Asiatic Sinn Fein has developed a policy that is attracting world-wide international interest. It is one of the amazing facts of foreign life in the Far East that bitter opponents of Mr. de Valera and Mr. O'Kelly are actually allied with Mr. O'Kelly and Mr. O'Kelly, the most curious fact of all that is the excellent high-minded British gentlemen who are both opponents and allies of Sinn Fein are in the finest sense sincere."

POINTS IN ARTICLE

Continuing, the article sets forth that Mr. Shaw was born in Ulster, Ireland and "in that smallest part of the province where 'King' Carson holds court—was bred on fervent hatred of Irish independence," adding that he came to the Far East, married and settled down on the Korean border in the city of Antung.

The article points out that "the Japanese Empire is the one power in the world for eighteen years in alliance with the British Empire" and adds that "Korea is the Ireland of the Japanese Empire—with a noteworthy qualification."

Following this a parallel is drawn in the article between Sinn Fein activities in Ireland and the movement in Korea for independence and the fact of Mr. Shaw's arrest is referred to.

"His case," wrote Mr. Gallagher, "is a matter of intense international interest, because Shaw is charged by the Japanese with doing work in Korea along the lines followed in Ireland by Mr. Frank P. Walsh, Ex-Governor Dunne and Mr. Michael P. Ryan."

Mr. Gallagher said last night that he is no longer associated with Mr. Rea and has ceased to be editor of the Far Eastern Review. He is to be represented in the case by Attorney Paul M. Linebarger.

Mail For America Is Leaving Today

(Reuter's Service)

Mail for the United States, Canada and Europe is being dispatched today from the American Post Office on the steamer Suwa Maru of the Nippon Yusen Kaisha which is due to arrive at Seattle on March 17. As the vessel's exact hour of departure was not known last night no definite announcement could be given concerning the hours at which mails would close. It is thought that registered matter could be received until 2 o'clock and ordinary matter up to 3 o'clock, but Postmaster E. H. Everett stated that these hours may be advanced.

An overdue mail from America, trans-shipped in Japan from the Korea Maru, is expected at the American Post Office today, and following this, the next mail from America is due on Feb. 26 on the Empress of Asia.

British Women Organise Club—Aims Outlined In Speech By Mrs. E. M. Gull

More Than Five Hundred Representative Daughters Of The Empire Attend Enthusiastic Meeting At Lady Fraser's Home

More than 500 British women attended the preliminary meeting of the British Women's Association which was held yesterday afternoon at the home of Lady Fraser when the aims, objects and constitution of the proposed Association were presented.

The meeting was called at 5:30 p.m. but so keen was the interest in the new organization by the British women of the city, that by 5 o'clock every seat in the reception rooms was taken and arrangements were being made to hold an overflow meeting in the drawing rooms.

A resolution, proposed by Mrs. Borrett, and seconded by Mrs. Everall, "that Lady Fraser, Honorary President, be asked to take the Chair" was carried and Lady Fraser most graciously welcomed the women present to her home and to the meeting.

AIMS STATED

"The Aims and Objects of the Proposed Association" were presented in a forceful manner by Mrs. E. M. Gull who said:—Lady Fraser and ladies,

The object of this meeting this afternoon is to invite you actively to co-operate in forming an Association of all the British women and girls in Shanghai and I will proceed at once to lay before you the objects which, in the opinion of many of us, justify the formation of such an Association.

Judging from the cordial manner in which the idea has been received in all parts of Shanghai, it seems almost unnecessary further to emphasise the desirability, and the necessity of banding ourselves together into an association with the great and common object of social service in its widest sense and for our own mutual benefit and welfare.

As to what social service in Shanghai might comprise is until our Association develops—purposely left a little vague. The initial idea, however, is that British women should unite in sharing the social work of the community, first, by assisting any existing social organisations and, second, by helping to organise future social efforts as may from time to time become necessary.

There are as you all know, a number of excellently managed charities and institutions spread about the Settlement, and I have heard the question asked "Why add another organization to those already existing?" Our answer is, I think, two fold. In the first place, by forming an association of which all British women are members we shall help to make the work of these other organisations better known and so help them in that work. We do not propose to take on the functions of the Girls' Friendly Society, of the Young Women's Christian Association, or still less of the Charity Organisation Society. But we can facilitate the work of those societies and help them.

TO AID MEN

In the second place we want to comprise in our social service assistance for men also. The men of our Navy are, I am given to understand, extraordinarily well looked after by residents in this port and I have seen with my own eyes the attractiveness of the and the scope offered by those two admirably run institutions, the Hanbury Institute and the Union Jack Club. Patriotism is no mere empty symbol in Shanghai. But with our merchant service men, it is, I fear, a very different matter and many of them—I was told rather pathetically the other day—stop in their ships all the time they are in port rather than "come ashore and perhaps get into trouble." In any case, many of them have a very lonely time and loneliness for men and women both provides the open door to a variety of undesirable paths. Far be it from me to imagine that we can clean up Shanghai—nothing we can do will alter human nature. But what we can do perhaps is to get out some sort of program of counter attractions that may possibly save a few young men and lads from the moral degradation of having nowhere else to go to but these abominable places which we have lately heard so much of.

And now I come to the subject that has from the very first most strongly identified itself with our scheme for an association. (One of the most pressing needs for men and women both provides the open door to a variety of undesirable paths. Far be it from me to imagine that we can clean up Shanghai—nothing we can do will alter human nature. But what we can do perhaps is to get out some sort of program of counter attractions that may possibly save a few young men and lads from the moral degradation of having nowhere else to go to but these abominable places which we have lately heard so much of.)

TARIFF BILL PASSES, BUT VETO WAITS

Emergency Measure Is Approved By Senate, 43 To 30

WILSON OPPOSES

Rejection At White House Certain—Democrats Aided Passage

(Reuter's Service)

Washington, Feb. 17.—Thanks to the deference of the Democrats from the South-west and West, the Tariff Bill passed the Senate today by 43 votes to 30. Since President Wilson intends to veto the measure, there is no reason to expect that it will ever become law. The object of its backers was to demonstrate their sympathy with the agricultural interests that are now suffering from a slump in prices. It elicited only lukewarm support, even among Protectionists, and there will be none to regret its demise, either in Washington or elsewhere. It is generally admitted that the task of revising the tariff is beginning to make progress.

Mr. Moses, of New Hampshire, one of the four Republicans who voted against the bill, described it as "mis-shapen, brutal beast, lopsided, blind, bawdy-legged, and suffering from congenital economic recklessness—the offspring of the union between the cotton fields, sugar-cane brakes, rice-paddy and wheat-fields."

While the Ways and Means Committee of the House of Representatives is concluding the open revision of the permanent tariff, Mr. Fordney will start tomorrow to confer with President-Elect Harding at St. Augustine's. It is understood that he will ask for definite views, and also enquire whether Mr. Harding favors tariff revision before taxation legislation.

The bill will now go, with a score of amendments, before a joint conference of the Representatives and Senate.

(U. S. Navy Radio through Reuter)

Washington, Feb. 17.—Mr. Joseph W. Fordney, the Congressman who is the originator of the Emergency Tariff Bill now before Congress, has uttered a warning that the United States is likely to lose its trade leadership in the Philippines unless American manufacturers use more of the islands' raw staples. He said European trade was showing a tendency to revive in the islands because, owing to exchange conditions, European goods, despite a 25 percent duty, were cheaper than American goods. He asserted that the peso had depreciated because of the cessation of the American demand for Philippine staples.

JAPAN TO RETAIN HOLD ON SIBERIA

Korean Malcontents Make Evacuation Impossible, Says Uchida

(Reuter's Pacific Service)

Tokio, Feb. 17.—Addressing the Budget Committee of the Peers, the Minister of the Navy stated that the present naval building program would be completed in 1927. A large proportion of the vessels would be built in private yards, despite the fact that construction in the Government yards was 15 percent cheaper.

Count Uchida, the Foreign Minister, stated that the disturbed conditions in Korea would make it impossible for the Japanese to evacuate Siberia in the near future. The prevention of trouble from Korean malcontents, and also the protection of Japanese interests, would necessitate the continued occupation of Vladivostok.

The Minister added that the foreign recognition of the Chita Government would seriously affect Japan, but such action was not contemplated at present.

Subsequently, the Anglo-Japanese alliance was discussed for an hour, but a stenographic record was not taken.

CORONER'S JURY GIVES VERDICT IN CHILDS CASE

Victim in Motorcycle Crash
Driving Recklessly, It
Is Found

Mr. Albert E. Childs, victim in a fatal motorcycle crash in which two companions were also injured on Bubbling Well Road last Friday evening, lost his life by reason of "his inability to control a motorcycle being driven by him at an excessive rate of speed on a curved roadway where caution is necessary."

This is the verdict given late yesterday in the court of U.S. Commissioner F. J. Schulz by the jury of six which heard the testimony of the inquest. Two additional witnesses testified at yesterday's hearing which opened at 5 o'clock in the afternoon. Those were Mr. Donald McColl, Manager of the Tramway Company, and Mr. R. J. McNicol of Jardine, Matheson and Company, eyewitnesses of the accident, who were in an automobile.

The accident occurred on what is known as the 'S' curve of Bubbling Well Road near Gordon Road. Childs was driving the motorcycle, Mr. J. J. Maloney occupied the seat behind him and Mr. E. C. Pinkham was in an attached sidecar. The motorcycle was proceeding westward.

At the hearing yesterday Mr. Maloney, the only one of the trio not seriously hurt, testified that the "machine" was traveling at a rate of about 12 miles an hour and he said that the accident was due to the fact that Childs had to swing from his course to avoid a motor car that passed them.

Testimony in general given at the inquest disagrees with this and two witnesses heard yesterday both asserted that just before the motorcycle crashed first into a tree support and then into a hydrant it was traveling not less than 30 miles an hour. Mr. McColl and Mr. McNicol both said that their motor car had not passed the motorcycle at any time. Mr. McColl said their attention first was called to it when they heard the noise of its horn as it was approaching.

It was explained by the two witnesses that after the motorcycle was wrecked Mr. McNicol left to McColl car to render what aid might be possible and assisted in placing Mr. Childs into the car of Mr. Reader Harris which took the injured man to the hospital. After taking his daughter, who was also in the motor car, from the scene Mr. McColl returned with Dr. H. L. Cumming and they took Mr. Pinkham to a hospital for treatment.

After the jury had announced its verdict Commissioner Schulz voiced appreciation of their finding, saying he was convinced that motorcycle had been driven at a reckless rate of speed. He then thanked the jurors for their services.

The jury was composed of Messrs. N. A. Thompson, Oscar G. Steen, W. W. Clements, Joseph Eichwald, T. C. Britton and J. J. Keegan.

Belgium Making Good Progress In Reclaiming Farms

Approximately Half Of War
Swept Soil Restored, U.S.
Consul Reports

(Reuter's Service) Washington, Jan. 10 (by mail).—Belgium is making good progress in rebuilding farms and rehabilitating its agricultural production. Reports from the American Consul at Brussels show that at the end of the first nine months of 1920, more than 61,775 acres, out of about 148,260 acres of war-swept soil, had been put into condition for cultivation.

Since the beginning of the armistice Belgium has put forward every possible effort to rebuild and intensify its agricultural industries. Assistance in many different ways has been given by the Belgian Department of Agriculture in order to encourage speedy reconstruction. The total area under cultivation last year was a marked increase over the 1919 area, and the number of farm animals has shown a large increase.

Woman Tries To Die By Taking Poison

A Greek lady of American citizenship who was found unconscious in the Public Gardens Wednesday evening suffering from a self-administered dose of sublimate of mercury is in the General Hospital in a critical condition, but expected to recover. The victim, whose name is Mrs. H. C. Burns, was found by Detective Inspector Givens. She had a rosary clasped in one hand and after being rushed to hospital, where she was attended by Dr. S. A. Ransom and later by Dr. Murray, admitted that she had taken the poison in an effort to end her life. Domestic difficulty was the reason which she gave. Her husband, when notified, went to the hospital and watched beside her during the night.

When questioned by the police she said that she had obtained the mercury at the Central Pharmacy, on Broadway.

Conferees Plan Austria's Revival

(French Wireless through Reuter) Paris, Feb. 17.—M. Loucheur, the Minister of Liberated Regions and Reparations, presided on Wednesday at a preliminary meeting of the financial conference on Austrian reorganization, on, contemplated by the recent Paris Conference. An Austrian delegate was present.

Paris, Feb. 17.—The statement in an English newspaper, to the effect that Italy has ratified the Treaty of Sevres by a royal decree, is formally denied.

Paris, Feb. 17.—There was a meeting of the Conference of Ambassadors this morning, at which M. Jules Cambon presided, and Marshal Foch was present. It was decided that the French detachment stationed at Cattaro, on the Adriatic, should evacuate that place at the end of the month.

The report was received of the President of the Commission which has dealt with the allocation of the rollingstock formerly belonging to the late Austrian State Railways. This was passed on to a committee of experts.

Colorful Dancing Party Is Given By Men Of New Orleans

Men and officers of the U. S. New Orleans gave a novel and wholly delightful dancing party last night at the Astor House. The affair took place in the ball room which had been transformed into a colorful fairyland with bunting, flags and twinkling incandescents. The success of the evening is due in no small measure to the co-operation of Mr. J. Klass, Assistant Manager of the Astor and Mr. Earl Currens, leader of the orchestra.

A departure that won quick favor from the big gathering of over 600 persons came with the supper hour, for it was found that a real home-side flavor had been given to the party in the matter of the refreshments. No one has yet disclosed how it was possible here in far-off Shanghai to bring to light a real American doughnut, architect. It was achieved, however, for the doughnuts served carried with them a sure-enough New England aroma. And then they had hot dogs of a quality one time long ago familiar. With these coffee was supplied.

The dancing continued until 2 in the morning.

School Boys Can Now Take Slats From Their Plants

(Staff Correspondence) Peking, Feb. 18.—The Ministry of Education has promulgated a regulation forbidding severe corporal punishment of school-children as a disciplinary measure. The present Minister is said to have risen to sudden popularity among school-boys.

SORRY!

In yesterday's issue of THE CHINA PRESS it was erroneously stated, in a headline, that "the Bishop of Lincoln had been found guilty," (of a charge involving Archbishop Wakeford.)

This was a regrettable error on the headline writer's part, as it was plainly at variance with the despatch. We hope the Bishop of Lincoln and the friends and acquaintances of that distinguished churchman will pardon the slip.

(Reuter's Service) London, Feb. 17.—It is denied that the Bishop of Lincoln had given the sentence in the case of Archbishop Wakeford, as cabled yesterday, viz. deprivation of his benefices and Precentor's house.

Popular Sergeant Goes On Long Leave

One of the popular members of the Municipal Police force and a prominent figure of the local cricket fields leaves for England tomorrow, when Sergeant George Sale of the Mixed Court staff departs on long leave.

The foreign staff of the Mixed Court yesterday presented Sergeant Sale with a beautiful gold wrist watch as a token of their esteem. Inspector Wheeler, making an appropriate presentation speech, The Chinese staff of the Court also reformed their esteem by presenting Sergeant Sale with a silver cigarette case and matchbox and a gold and pearl scarf pin.

Sergeant Sale leaves by the Yamer Yokohama Maru and will be away seven months. He expects to spend most of his vacation at his home in Reigate, Surrey.

Children Cry for Fletcher's

CASTORIA

Fletcher's Castoria is particularly a preparation for Infants and Children made agreeable to the taste, acceptable to the stomach and pleasant in its action. It has been in use for over thirty years and has always been one of the most highly esteemed of all cathartic preparations. It has one great advantage over other preparations of its kind in that while it opens the organs readily and completely, it does not have a tendency to produce subsequent constipation so much to be dreaded.

It was only after years of research in the fields of herbs and root for a combination of purely vegetable matter that would have all the virtues of Castor Oil, without its disagreeable, nauseating properties, especially when used for infants or children, that the formula used in Fletcher's Castoria was found, and which for over 30 years has proven its worth. Try it.

Save the Babies.

Infantry mortality is something frightful. We can hardly realize that of all the children born in civilized countries, twenty-two per cent., or nearly one quarter die before they reach one year, thirty seven per cent., or more than one-third, before they are five, and one half before they are fifteen! We do not hesitate to say that a timely use of Castoria would save many of these precious lives. Neither do we hesitate to say that many of these infantile deaths are occasioned by the use of narcotic preparations. Drops, tinctures and soothing syrups sold for children's complaints contain more or less opium or morphine. They are, in considerable quantities, deadly poisons. In any quantity, they stupefy, retard circulation and lead to congestion, sickness, death. To avoid any possibility of giving your child opiates, or narcotics of any kind, keep Fletcher's Castoria in the house, and Save the Babies.

BRITISH WOMEN ORGANISE CLUB

(Continued from Page 1)

book, for I am myself a working woman—what is needed is a thoroughly up-to-date club run on broad, modern lines, where a certain number of members whose homes are elsewhere may live, and where an unlimited number may enjoy the usual club privileges untrammelled by restriction. If such an organisation can be formed so well (as we hear on all hands it does) in Hongkong, why should it not succeed in Shanghai.

These then are just two of the matters in which I hope the Association will speedily interest itself.

Within the Association there might be quite a variety of common interests which would tend to bring us together for our mutual good and I feel confident, for our very great pleasure. It is only in "getting together"—if I may be allowed to use this trans-Pacific phrase—that women capable of public service can be discovered and organised. Has it ever occurred to you how very little British women have in the past been represented by British women on the various committees that have dealt with public affairs in the settlement? British women have done and are doing extraordinarily little and yet there happen to be something like thirty-three times as many British women employed by the Municipal Council as of all other nationalities put together. We are not less capable of administrative work, or of carrying out investigations than others. I venture to suggest that it is due to nothing more nor less than our utter lack of organisation.

To turn to other but none the less useful possibilities of the Association—a number of women here feel that in living in Shanghai they are missing a good deal in not hearing discussed such matters as are of keen interest in the western world. In other words, that they stagnating mentally and rapidly getting out of touch with what is going on at home. There is, I know, a great desire for lectures, papers, or debates on topical subjects.

A man I know rather well is fond of saying that women are generally big school girls. If this is so, by all means let us then continue our education. Let us at once admit our readiness to learn and that we do not feel that our education is in any way complete. A literary section, say, within our Association, with lectures and debates, a magazine exchange, a library, and so forth, would, I believe, prove a great attraction and of real service to many women. The idea of a gardening section too, seems to appeal to quite a lot of women and has even a score or more of potential members. An artists section might not appeal to so many from a practical point of view, but the few to whom it did appeal would be a very cherished few since the enlargement of their sphere of activities would certainly benefit large numbers of us.

MUSICAL SECTION
A musical section, which might include a choral society, would, I am certain, give an immense amount of pleasure to a great many people. A section devoted to the interests and study of children would certainly have its uses: it might run a children's library, and, I think, possibly inaugurate children's gardens in those populous parts of the settlement where they now play about on the pavements while their amusements go on together. They might too institute a little more supervision from the point of view of children's welfare in the public parks and gardens. And especially would the Association take, I hope, a very practical interest in our Girl Guides—our

NUXATED IRON

The time to replenish your Life's Blood is now

The period of reconstruction is new upon us, and it behoves every sensible man or woman to revitalise their entire systems by replenishing and renewing the Red Corpuscles of their blood.

NUXATED IRON, as a revitaliser gains more prestige from actual recommendation by persons who have derived benefit from its use, than it does by money spent in advertising. It has without doubt the largest sale of any Blood Tonic and Revitaliser in whole of Europe and America. It enjoys this sale solely by reason of its efficacy. Its formula is not a "secret." It does not claim to cure everything, but does what its formula tells you it must do, and that is—reconstruct, replenish and renew The Red Corpuscles of your Blood.

Just one bottle of forty tablets (one week's dosage) will prove to you the wonderful tonic effects of:

NUXATED IRON

British women of the very best type in embryo.

Another matter in which I hope the Association will interest itself is in fostering more friendly relations with the modern English-speaking Chinese women and girls. There should, I feel, be some organisation both here and at home for affording information encouragement and assistance to those Chinese girls who wish to imbibe western education. Very few of them go to England at present but—were we not a little to blame for this?

One of our most important sections would necessarily be our social department, which would probably enter into most of our activities. To this section we should look to make all arrangements to get into touch with, receive and entertain the interesting and distinguished people, men and women, who pass through the port from time to time, so that all of our members might have an opportunity of meeting them, instead of as now, just those few whose official positions render it inevitable.

These sections or departments would, I imagine, each possess its own committee, with a Chairman, Treasurer, and Secretary, elect its own members and generally speaking manage its own affairs, always, be it understood, under the auspices of the Association. Everything depends, of course, on three things. (1) On starting the Association on broad-minded and sound lines. (2) On getting the right people together to administer it and carry it on. (3) On the whole Association co-operating in such a manner that it shall never be run or dominated by any one set, or section, or clique in the community to the exclusion of others.

AGAIN SPEAKS
Following her address to the women in the reception rooms Mrs. Gull repeated it in the overflow meeting which was presided over by Mrs. D. MacGillivray.

A resolution, introduced by Mrs. Chaddock, was proposed urging that an Association of British women be formed to fulfil the purposes outlined in the address and that all those present desirous of becoming members sign the membership slips. The motion was carried after which Miss Peterson and Mrs. Ivy introduced a resolution urging that the provisional committee which has been working in the interests of the Association, submit a draft constitution.

Mrs. Billinghurst then gave a carefully planned talk on "The Proposed Constitution" which she presented.

RESOLUTION OFFERED
Following Mrs. Billinghurst's talk, Mrs. O. M. Green introduced a resolution, seconded by Miss

Summerskill that the draft constitution be brought forward for confirmation at the Inaugural meeting of the British Women's Association when a committee be elected to serve in accordance with the terms of the constitution.

Forms for the nomination of candidates for the Executive Committee were distributed. These will be signed by the proposer and seconder and returned to the Honorary Secretary, Mrs. Peebles, before Feb. 25. Such nominations as are thus received shall be ballotted for the Inaugural meeting to be held March 4 at 5:30 p.m. in the Masonic Hall.

Pneumonic Plague Severe At Harbin

(Staff Wire to THE CHINA PRESS)

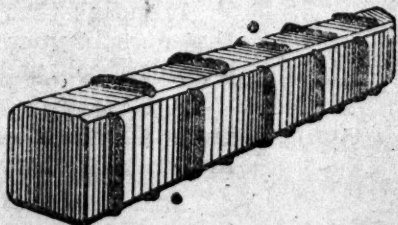

Peking, Feb. 18.—Consular despatches from Northern Manchuria tell of a serious outbreak of pneumonic plague in that region. Fifteen are reported to have died in Harbin in one day. Travel on the Chinese Eastern railway has been almost completely suspended since the fourteenth, only one train weekly being permitted to pass, and to carry only passengers who have been tested for traces of the disease.

If the present cold spell continues it is feared that the outbreak will spread rapidly and physicians say that only early warm weather will prevent an epidemic.

ENGLAND TO HAVE BIG TRADE FAIRS

Great Exhibitions Will Show Products Of Nation's Manufacturers

(Reuter's Service)

London, Feb. 18.—Two sections of the British Industries Fair will be opened at the "White City" (London), and Birmingham on Monday, and the third section at Glasgow in the following week.

Mr. F. G. Kellaway, head of the Department of Overseas Trade, in the course of an interview, said the Fair was the largest and most representative exhibition of British trade that had ever been assembled. The Department of Overseas Trade had issued 60,000 invitations to overseas buyers in 112 foreign countries, British Dominions and

colonies; and 95,000 invitations to home buyers. Seventeen foreign commercial missions had also been invited. He hoped the Fair would mark the turning-point in British trade.

Denies Japs Are Buying In Chili

(Reuter's Service)

Washington, Feb. 17.—The Chilean Embassy denies the reports that British and Japanese capital has become greatly interested in the Chilean nitrate industry. It says that no Japanese capital is interested, and adds that the Chilean Government deplores the reported Anglo-Japanese-Chilian business alliance against the interests of the United States, which would entirely misrepresent the correct and cordial relations between Chile and the United States.

GARFORD MOTOR TRUCKS DEPENDABILITY

is a virtue in a motor truck, more than in any other form of mechanical transportation. The degree of year-in and year-out efficiency in a motor truck is measured by its owner in dollars and cents. Before a wise buyer, therefore, listens to the salesman he is going to satisfy himself from a reliable source of the truck's previous performances. The best evidence on this point is the number of old users who are again placing their faith in any particular make of truck.

SEES SOME GOOD
IN RUBBER SLUMP

Manufacturer Thinks It Will
Offset Effects Of Over-
trading

(Reuter's Service)
London, Feb. 17.—The rubber situation is discussed by Mr. Hotchkiss, President of the General Rubber Company, in an interview, appearing in the Financial Times. Mr. Hotchkiss says he is disinclined to regard the present slump, if it does not last too long, as an unmitigated evil, after last year's overtrading. There was no indication of an early recovery from the manufacturing standpoint. He approved the Rubber-growers' Association's movement for the present restriction of the output, provided the latter was purely voluntary, but he was strongly opposed to any artificial schemes that would tend to force up prices, or to Government interference.

The General Rubber Company's belief that the present trouble was only temporary had been demonstrated by the fact that, despite the curtailment of tapping operations in the Malay States and Sumatra, all laborers had been retained and otherwise utilised. He regarded 2s. to 2s. 6d. as a fair price for the plantation product.

Chinese Flour Is
Of Finest Quality;
Lords Are Informed

(Reuter's Service)

London, Feb. 17.—Attention was drawn in the House of Lords today to the recent alarmist rumors regarding the deleterious nature of the Chinese flour which has been passing into consumption.

Lord Crawford (Chancellor of the Duchy of Lancaster) speaking on behalf of the Government, denounced in the most scathing terms the "exaggerated and malicious statements" that the Government was forcing millers to accept soft Chinese flour which was poisonous. Subject to the proper distribution of different qualities, the millers, he said, could buy any bulk of wheat they chose, and the stock of foreign wheat held by them on January 1 was the lowest since the armistice.

Last year, when the Argentine forbade the exportation of breadstuffs, the Government bought Chinese flour, requiring therewith a guarantee that the flour was made from pure wheat. The investigations carried out by the Ministry of Health showed that in every case the flour was milled from good, wholesome sound wheat, and was at present being consumed in large quantities in all parts of Europe.

Cable Deadlock
Still Complete

U.S. To Act Alone Unless De-
cision Is Reached By
March 15

(Reuter's Service)

New York, Feb. 17.—The International Communications Conference, which was unable to come to an agreement in regard to the disposal of the ex-German cables, was adjourned till the 21st inst., but it is stated from Washington that the deadlock is complete, and the opinion is held that there is no hope of an agreement before the change of administration on March 4.

It is understood that the attitude of France is the cause of the deadlock, while the attitude of the Japanese Government in regard to Yap appears to remain unmodified. The New York Times says there is reason to believe that the United States Government has intimated that, failing an agreement by March 15, it reserves the right to take the measures necessary for its national interests.

ASKS RECOGNITION
(U. S. Naval Radio through Reuter)

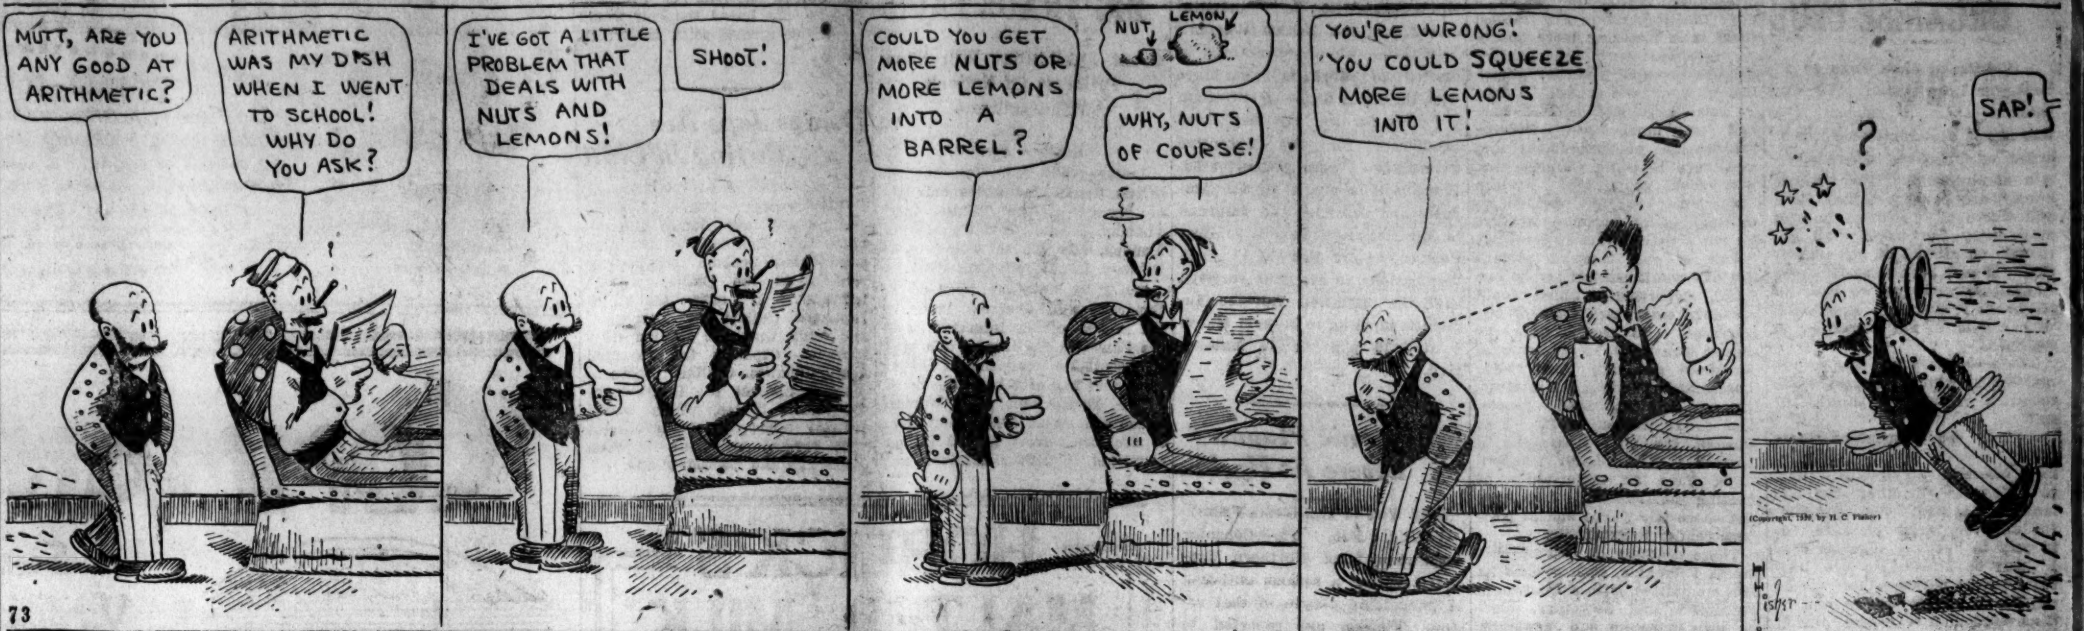

New York, Feb. 17.—The law firm of McAdoo, Cotton and Franklin, (of which Mr. W. G. McAdoo, former Secretary of State, is a member) have, as the representatives of Lithuania, communicated with the Secretary of State, Mr. Coby, asking recognition of the independence of that State. The letter takes issue with the non-recognition policy of President Wilson, saying that other great countries have recognised Lithuania, and failure to recognise her merely throws her back into the arms of Russia.

News Brevities

The Great Northern Telegraph Company, Limited of Denmark announces that cable communication with Chefoo is interrupted. Traffic for Chefoo, Weihaiwei and places North of Chefoo is being handled by the Chinese Telegraph Administration for transmission.

An attempted armed robbery at 9 Ban Tong Loong failed Thursday night when a private richa coolie slipped out of the house and gave the alarm. Five men had entered the place by the front door and two were armed with what appeared to be revolvers, but as they kept all but the muzzles of the weapons covered with handkerchiefs the inmates could not be sure. The men fled without taking anything before the police arrived.

A report has been turned in to the police that E. G. Milovanoff, who lived at a boarding house at 36 North Honan Road, has been missing since last Sunday, when he stated the intention of going to Woosung.

The passengers who will sail on the Nippon Yusen Kaisha liner Suwa Maru for Seattle and Japan ports Sunday at daylight are Mrs. E. Lloyd, Mr. and Mrs. S. Dokoothieff and 2 children, Mr. K. W. Tribe, Mr. E. Truog, Mr. C. A.

Dr. Sun's Son To Be

Other Appointments Announced
By Southern Govern-
ment

(Reuter's Pacific Service)
Canton, Feb. 17.—The following appointments are announced: For Sun (Dr. Sun Yat-sen's son), Mayor of Canton; Ngai Bong-ping, Commissioner of Public Safety; T. K. Choy, Minister of Finance; T. T. Ching, Minister of Public Works; S. M. Woo, Minister of Public Health, and S. C. Hsu, Minister of Education.

It is expected that the re-organisation of the present municipal administration will be completed this month, and the municipal election will be held in April. A bill is being submitted in the Provincial Assembly for excluding foreign currency from the market as the basis of business transactions, foreign money being allowed to circulate only through banks and money-changers.

The confiscation of the property of political opponents is proceeding. Those affected at present are Yang Wing-tai, Tom Lai-tung and Yang Moy-pin, leading advisers of the former Kwangai regime.

Henry, Mr. R. J. Bellow, Misses Scherbakoff Parafontoff, R. Teufel, F. Bauml and D. Hamel, Mr. G. Sale, Mr. and Mrs. P. W. Wphgrave and 3 children, Mr. Paisley, Mr. W. J. Corroth, Mr. H. M. Mann, and Rev. J. Colbeck, will sail on the Yokohama Maru for London Sunday at daylight.

Mr. Paul Page Whitman, manager in China for the Foundation Company of New York, leaves for Peking this morning. He will be accompanied by Mrs. Whitman.

Dr. Howard G. Barrie, who recently returned from an extensive trip through the famine area in the North, has kindly consented to speak before the evening party at 405 Avenue Joffre this morning at 11 o'clock.

The College Club will meet next Tuesday at 405 Avenue Joffre. All who can possibly attend are urged to come at 2 p.m. to sew on padded garments for the famine refugees in Northern cities.

Seven men, two armed with revolvers, entered a Chinese dwelling house at 531 Sinza Road at about 7 o'clock last evening, held up the inmates and escaped with money and clothing to an amount between \$200 and \$300.

Railway Strike
Order Cancelled

(Reuter's Service)

London, Feb. 17.—In connection with the threat of Mr. Bromley, the Secretary of the Locomotive Engineers and Firemen's Union, to call a general strike unless the Government instituted an inquiry into the shooting of certain Irish railwaymen at Mallow, the executive of the above Union has now instructed its members not to strike on February 20 as previously instructed, or in future, on the Irish question, unless further instructions are issued.

Premier's Speech Leads To
Defeat Of Amendment
To The Address

(Reuter's Service)

London, Feb. 17.—The House of Commons tonight rejected a Labor amendment to the Address in regard to unemployment, after a speech by Mr. Lloyd George, who declared that Great Britain had never had a period of great unemployment with less distress than now prevailed. This was due to the Unemployment Act and to the £40,000,000 which the Government was spending this year to relieve ex-service men. He appealed to Labor to co-operate with the Government and abandon trade-union obstruction. He also urged the bankers to accept a share of the abnormal risks of financing trade.

LEAGUE TEAMS ALL PLAYING THIS AFTERNOON

Football Fans Have Full Bill For Today With 16 Elevens In Action

ARMY VS. NAVY TUESDAY

Veterans Of Army Now In Civilian Life To Play Picked Sailor Side

By "Whistle"

A full bill of League fixtures is scheduled for this afternoon. The Senior Division has all four teams operating after a period of Cup Tie play which will probably have upset their team balance somewhat.

The Football Club is taking on the Police on the latter's ground and a hard game should be the result, though on form the Club look like winners by a small margin.

The Recs. and St. Xavier's are point-chasing on the former's ground, and the coveted points should not stray very far from the scene, unless the St. Xavier's produce extraordinary form the Recs. will prove easy winners.

Six second Division games are listed, and it looks as if the program of this division will not be carried through in what remains of the season. It will probably come to an end of position by the Committee on past results.

NAVY GOOD TODAY

The chief interest lies in the two Navy matches. Just at present the Navy has a plethora of players and should be able to put out two strong teams so the Club will have to get busy to keep their unbeaten record.

The engineers also cannot afford to lose, as the Recs. and Public School, both in the running for the second place, are meeting and any other result than a draw will put the winning team ahead if the Navy proves stronger than the engineers.

ARMY AND NAVY

The Army team for this game on Tuesday next has been selected and the starters are as follows:

BOXING INTEREST IS UNPARALLELED IN UNITED STATES

Arrival Of British Army, Navy And Police Ring Men Boosts Game

(Reuter's Service)

New York, Jan. 19 (by mail).—Among the many sports under the jurisdiction of the Amateur Athletic Union, which have received the benefit of revived interest and popular support since the overseas soldier athletes and Olympic champions returned to the United States, none seems to have given a greater impetus than boxing.

From every division throughout the country reports are being received daily at Amateur Athletic headquarters here giving unqualified assurance of the popularity of boxing in all sections. Arrangements for tournaments with the prospect of bringing about a series of interstate and inter-sectional glove contests, are now being perfected in the hope that before the end of this year a national championship meeting of the best men available in every class, from heavyweights to the bantams, may be brought to a successful issue.

Renewed interest in this branch of athletics is not confined to national contests alone. The recent arrival of English boxers, representing the British Army and Navy, and the London Police Force, to compete with amateur glove-wielders representing the United States Army and Navy and the New York Police Department, marks the beginning of a movement which promises to develop annual or semi-annual international contests in which other European countries will supply competitors in the near future.

selected to represent the Police against the S. F. C. to be played on the Police Ground today. Kick off 2:45 p.m. sharp: Cameron Clissold, Quayle Knight, McDonald, Adams, Hotchkiss, Ling, Kay, Watson, and Ryle.

Marine Engineers F. C. vs. Royal Navy F. C. to be played at the Polo Ground. The following will represent the Marine Engineers Football Club: G. F. Powers, J. Mills, R. J. Tomlinson (Capt.), S. Howard, J. Soppitt, J. Crawford, W. Huggert, J. A. Alcorn, W. Archer, A. Knov and H. Adam. Reserves—R. Campbell, N. Churchill.

The Electricity Department recreation Club vs. St. Xavier's on the Widow's Monument Ground: Electricity Dept.—Marshall, Withers, Day, Patrick, Clark, Brooks, Evans, Harris, Roach, Smith and Bidmead. Reserves—Taylor, Levenspiel, Goodhind.

Rangers will line up as follows: Wilson; G. Day and Brown; J. Henry, Staley and Johnson; Morcher, Johnston, Rawsthorne (Capt.), Evans and Atkinson. Linesman A. Jacobs. Referee Mr. Baker.

"RECS" F. C. vs. ST. XAVIERS

The following will turn out for the Xaviers: W. Garry; P. Oliveira and C. Encarnacao; E. Schneider, H. Favacho and F. Wittsack; F. Gutierrez, G. Silva, J. Silva, V. Elliott and C. Passos.

Chinese "Y" Basketballers Play Foreigners Tonight

Y.M.C.A. Quintet Will Attempt To Get Revenge For First Defeat; Foreigners Strong

An all-star team of foreigners, one of the classiest aggregations ever gathered together here, will play the crack Chinese Y.M.C.A. basketball team at the "Y" gym tonight. The game will start at 7:30 o'clock and will probably draw the biggest crowd of the season.

Defeated by the foreigners some weeks ago, the Chinese have been staging some long and tall practice sessions before urging a return game. And the fun is due to fly this eve.

On paper the foreigners should win. Charles Glaucque, Irie, Gray, Jackson, McCloy and Perce Haskell will make a great combine. But the men have not been together since the last game against the Chinese.

The Y.M.C.A. will have the strongest possible five in the field. The team will include Wong Jao, Zee, Chang, Liu, Woo and Lee.

Portuguese Playing Harlequin Team in Hockey Game Today

The Portuguese Sporting Association will meet the Harlequin team this afternoon at the Race Course (Polo Ground) at 3 p.m.

The Portuguese team will line up as follows: Messrs. C. M. Barradas, R. Roberts (Capt.), S. Collico, A. Gomes, A. M. Souza, F. M. Gutierrez, E. Leitao, V. O. Remedios, H. J. Encarnacao, S. Oliveira and A. Leitao.

FIRE BRIGADE GETS FIVE CALLS

The Fire Brigade responded to five calls yesterday.

Some 31 small houses at the far end of Yingshingkong village, outside the Settlement boundary, were destroyed in an early morning fire yesterday. The Settlement Fire Brigade rendered assistance after Hongkew Watch tower had turned in a report of the glare at 1:16 a.m.

At 10:35 a.m. yesterday a section from Central department did some speedy work at a blaze which broke out in a block of dwelling occupied by fourteen families in an alleyway off Hopeh and Pakhoi Roads. The dwellings were pretty badly damaged toward the back and two shops fronting on Hopeh Road had their upper portions damaged. It was fortunate that no lives were lost in the dwelling as the outbreak occurred near the only staircase and the building were packed with people.

A paper balloon pitching on a roof at 10 North Szechuen Road also gave the Brigade some trouble yesterday. An escape was raised and the blazing balloon quickly dealt with.

Early last evening the Brigade responded to a call to No. 20-21 Honan Road, near Avenue Edward VII where a small fire was found on the upper verandah cloth of a shop, which has been closed. Quantities of paper and scraps of cloth made the chances for a serious outbreak but prompt work by a detachment from Central extinguished the flames with little damage.

At 8:43 p.m., on a report from Hongkew watch tower, a detachment from Hongkew station attended an outbreak at 3431 off Tiendong Road where a large dwelling house was ablaze, the fire starting evidently from a dropped cigarette end in one of the rear rooms. Assistance from Central was also forthcoming and the flames were checked with little damage.

Provincial Envoys Arrive In Peking

(Reuter Pacific Service)

PEKING, Feb. 17.—Delegates from eight or nine Provinces have arrived here to attend the conference on local self-government. The Ministry of the Interior has informed the delegates that they must register themselves at the Ministry. The date of the conference will be announced shortly.

QUICK ACTION PROMISED

(Reuter's Service)

Washington, Feb. 17.—The Republican Leaders in the Senate have agreed to expedite the passage of the Immigration Bill, limiting the number of aliens of any nationality admissible to the United States in any one year to five percent of the number of persons of such nationality resident in the United States. The Bill will be given priority as unfinished business.

Headline Writer Now Insists S.P.S. Wins Carhill Cup

An injustice was done the members of the football team of the Public School for Boys yesterday when a headline stated that the eleven was beaten by St. Xavier's in the senior league.

The "head" on the story was misleading in that the words "St. Xavier's" appeared in the top line instead of "Public School."

To the boys and their followers we extend sincere apologies and take the opportunity of offering congratulations on their making sure of the Carhill Cup again this year. The schoolboys have not yet met defeat.

COMMITTEE IS SELECTED BY BASEBALL CLUB

(Continued from Page 5)

Mr. Bradley for the States, presented and explained the statement of accounts, which show a balance of \$282.51 in bank. The rolls for last year showed 459 members and Mr. Potter spoke optimistically of the coming season, which he predicted would be highly successful. The forthcoming Olympic games are expected to develop considerable activity in baseball lines and there are tentative plans for series with visiting teams from colleges in California and Japan and possibly with a team from the Philippines in July or August.

DOWN'S RETIRES

Mr. Bunn brought forward the matter of the new rules, summarising their content and mentioning particularly the provisions for election of the committee, the procedure in which has come in for criticism in past years. Under the new provisions the executive committee of five is nominated and balloted on by the members at the annual meeting and is augmented by the manager as a sixth member, with voting power. Mr. Bunn stated his intention of resigning from the committee this year and called for nominations of committee-men. Following the election the chairman paid a tribute to Dr. N. L. Downs, whose name had been brought forward for re-election but who is also resigning from active duties in the Club. Mr. Bunn spoke of Dr. Downs' years of valued service in the interests of the Club and a motion of thanks was passed by the meeting.

ing, which also moved that a sum of money be appropriated for the purchase of a suitable token of the organization's appreciation of the doctor's work. A committee, consisting of Major Ross and Messrs. Brown and Green was appointed to make the purchase.

DISCUSS NEW CLUB

The greatest amount of discussion which the meeting produced came in connection with the proposed ex-service men's club, a representative of which, Mr. N. H. Draper, appeared to broach the subject of co-operation with the baseball organization. Mr. Draper stated that the club would be open to all Americans and would engage in various activities, among them baseball. There was a disposition on the part of some of the members to regard the new club as intending to usurp some of the supervisory powers over baseball exercised by the baseball organization. The delegate disclaimed any such idea and finally a committee consisting of Messrs. Bunn, Wilhoit and Glauque was appointed by Acting Chairman McIntyre to meet and confer with a committee of the ex-service men.

The concluding business of the meeting was the voting of the customary \$100 to be given to the Recreation Club.

Some people are still persuaded,

that AERATED WATERS are simply thirst quenchers, good for summer time. This is only a half-truth. They have a distinctive food value, and as such are worth many times their cost. Just think of the nutritive value of the sugar they contain, and the essences, which are all either tonic or stimulative in their action. But these ingredients must be pure, and of the very best quality. You are sure of getting these by using "Watson's High-grade AERATED WATERS."

Minister Tells Senators How He Intends To Balance Income And Outgo

(French Wireless through Reuter)

Paris, Feb. 17.—The Finance Minister, M. Doumer, today gave the Finance Committee of the Senate a brief account of his program for balancing his budgetary expenditure and revenue. He made a strong appeal that the budget itself should be passed as rapidly as possible, in order to leave him free for matters connected with the forthcoming London Conference. He expressed the hope that the liquidation of the German debt would be realized, and would assure the re-establishment of France's credit.

Chinese And The Council

WHEN they are about to be given an active part in the administration of the affairs of this International Settlement, the Chinese appear to be quibbling with the Municipal Council over the translation of certain regulations of the Chinese Ratepayers' Association, the body which has taken upon itself the responsibility of electing Chinese advisors to the Council.

The Chinese insist that a proper translation of their regulations will show that they have appointed advisors to the Municipal Council who are unhampered by any obligations, unfettered by any necessity of answering to the directorate of their Ratepayers' Association and uncontrolled in their attitude toward Municipal Affairs.

The Municipal Council maintains that there has been no misconstruction of the letter from the Chinese Ratepayers. The Council maintains that regulations 4 and 6 of the Association are objectionable in that the action of advisors to the Council must be sanctioned by 22 other Chinese who compose the Association's directorate.

To the impartial foreigner it would appear that the Chinese are starting off by making a mistake. The Chinese want a voice in the government of the Settlement. The Council is anxious to seek the advice of Chinese on matters concerning them and is desirous that these advisors be named as soon as possible. Also, the Council has made a careful translation of the rules and regulations which govern the activity of the Chinese Ratepayers' Association.

Admitting that there is a question as to the construction and translation—and the Council does not admit this—the Chinese do not want to strike out the clauses named for then they would settle any doubts regarding their sincerity.

Not long ago the Chinese cried "taxation without representation." The foreigner's answer would be "protection for taxation." Yet the foreign ratepayers, at their last meeting, voted to empower the Municipal Council to seek the advice of Chinese in affairs which directly affect the Chinese ratepayers.

In other words the Council was not directed by the ratepayers to appoint these Chinese advisors nor can the Chinese claim this advisory committee as a right.

The issue is clear-cut. A word of advice to the Chinese would include the elimination of those regulations to which Municipal Council objects. It is within the province of the Council to report back to the next ratepayers' meeting that the Chinese have failed to respond to their request for advisors in which the Council can place trust and confidence, maintaining as the Council does, that these advisors are answerable to the directorate of the Chinese Ratepayers.

The Council has stated that it desires an advisory committee of five not 27. The Chinese should not quibble. Let them send their men as free agents. If the Council doubts, even slightly, that these representatives are not free agents, it is within the power of the Chinese to clear the issue by striking out regulations 4 and 6 of the Chinese Ratepayers' Association.

News And Truth

(New York Times)

Newspapers have so long enjoyed the privilege of free comment on everybody else that they should not object now that it has become the fashion for everybody else to express his opinion of the newspapers. The latest commentator is Mr. J. Ogden Armour, and no doubt our radical friends will find their worst suspicions confirmed if we express agreement with many of his views. It may be observed, however, that Mr. Armour brings somewhat more intelligence to bear on the subject than has been the habit among critics. For one thing, he modestly entitles his article, which appears in Leslie's, "What I Think About the Press." This suggests what the article bears out, that Mr. Armour does not regard the opinions of any individual as immutable and unalterable truth—not even his own opinions about newspapers.

His comments on the nature of news are worth extended quotation, for they agree in a large measure with the view which experience has forced upon almost all working newspaper men, that news is not always the absolute truth. Why this is so Mr. Armour understands very well: "Now I recognize that in almost any case what are the exact facts—the real truth—is almost impossible to get at. It would require reporters and editors of superhuman attainments to present the facts. The truth, the ultimate conclusion, is not something that we can ask for and expect to get in this world. It is well known that perfectly honest and sincere eyewitnesses of an event will, in a court of law, give diametrically opposed accounts of that event. Therefore, if three different reporters view a single occurrence, and all three are wholly honest, it is possible there will be three accounts of that event that will vary not only in detail but also fundamentally."

"When, in the trial of a case, the witnesses on one side all exactly agree, it is not amiss to wonder if some of them are committing perjury—that they are telling not what they saw, but what they were told to say. In the hurry of the news from day to day we cannot expect accounts of absolute accuracy. And to determine what is absolute accuracy the human element again enters. I do not recall that the exact facts have as yet been ascertained on any event in history. Every period in history, every character in history, is a subject for somebody to write what he calls the true facts about. These true facts commonly found their veracity on being somewhat different from any other facts previously given."

In other words, newspapers as a rule can best serve the cause of "truth" by printing such accounts and opinions as they can get from credible sources and leaving it to the reader to exercise such intelligence as he may possess in judging them. No doubt there are many cases in which leisurely investigation and verification would materially alter news articles. But a daily paper cannot well take three months for research work before printing anything about an event of importance. It has to give the best it can get as soon as it can get it.

A newspaper cannot establish even by prolonged inquiry an orthodox and unalterable version of the "true facts." News at its best is the more or less accurate testimony of witnesses, impartially reported; it should be clearly understood that it can be no more. It is, of course, the obligation of the newspaper to employ agents who will honestly represent what they see or hear. Even then, granted that the best has been done, the extent of human fallibility would surprise any one who has never tried to find out what actually happened in any given case.

There is a class of news—baseball scores, for example—which admits of virtually complete accuracy. There is another class of accurate reporting which does not guarantee that what has been accurately reported is in itself true. Verbatim reports of a public speech are a true presentation of what the speaker said, though his statements may be untrue. The papers do not pretend to forecast what tomorrow's weather will be; they do report accurately the prediction of the Weather Bureau.

Even Mr. Armour does not quite live up to his own principles. He regrets, for example, the publication of the statement as news when "some man, famous or notorious, in office or out of office, states as a fact something which is really only a wild opinion," and thinks that known or suspected untruths, no matter by whom they are voiced, deserve no place in newspaper columns. But, aside from the fact that "known or suspected untruths" is a term which might include pretty nearly the whole field of human "knowledge," such declarations often are news even when they are inaccurate. They constitute an important part of the record, which the public officer or member to

ARE FLAPPERS FLIRTS?

"I know all about flappers" said Miss Edna Best, the clever actress who created the part "Brown Sugar" and who is the new Peter Pan at St. James' Theater (London).

"I began my stage career as a flapper, and think that in some ways they are a much maligned lot. But they do rather 'ask' for it! Many flappers are flirts. They are quite impartial in their tastes and will flirt seven days a week with seven different men."

I didn't send the packet.'"

HARD UP

You're not hard up when your purse is flat
And your trousers frayed like an old doormat;
You're not hard up when your bills fall due
And you haven't a shilling to see you through;
You're not hard up till you see the day
That you haven't a cheerful word to say.

You're not hard up when your coin is gone
And you whistle a tune as you journey on;
You may walk the streets while others ride
And your pockets have naught but hands inside;
That's not being broke you may depend,
For you're not hard up while you have a friend.

But you are hard up, in sorry way
If you haven't a cheerful word to say
If nothing on earth appeals to you
And you can't see charm in the skies of blue;
And you are hard up if you've reached the end,
And can say in truth that you have no friend.

authority in any field may be known and judged, for his errors or falsehoods will inevitably be discovered and pointed out, and how else is democracy to detect and separate the worthy and the unworthy among those who would guide it? Mr. McAdoo's pronouncement about profits in the coal trade, for example, though probably technically correct, was considered by many of the well-informed to be misleading. But it was printed not as the fact, nor as what the newspapers thought was the fact, but as what Mr. McAdoo thought was the fact.

One Year's Work Of League Of Nations

(By Dr. Charles H. Levermore, Secretary of the League of Nations Union and of the New York Peace Society)

Three Branches Of Activity, In The Twelve Months Of 1920:

ADMINISTRATIVE (Under treaties, outside of the Covenant.)
ADMINISTRATIVE (Under the Covenant.)
POLITICALLY EXECUTIVE (Investigation, Advice, Conciliation, Direction.)

Under Part XIII of the Treaty of Versailles the First International Labor Conference of the League of Nations met at Washington, Oct. 29-Nov. 29, 1919.

It created an International Labor Organisation, with a Governing Council of an International Labor Office, and drew up the first form of an international Code of Labor Laws, in six conventions relating chiefly to the hours of labor and the protection of laborers, especially women and children.

The Labor Office, or Secretariat, of which M. Albert Thomas of France is the head, is domiciled at the headquarters of the League of Nations.

A Second International Conference met at Geneva June 15-July 10, 1920, to consider especially the labor time of seamen.

THE COUNCIL

Appointed (January) three members of the commission to fix the boundaries of the Saar Valley territory.

Appointed (February) the five commissioners who are to govern the Saar Valley in the name of the League.

Appointed (February) a High Commissioner to be the League's Representative in Danzig and its territory.

Appointed (September) two members of the Greco-Bulgarian Intermigration Commission, to supervise repatriation of nationals.

Confirmed (September) the sovereignty of Belgium over the districts of Eupen and Malméd, formerly German.

Approved (November) a Constitution for the Free City of Danzig and decided Dec. 12, that Poland might be charged with the military defense of Danzig.

Invited (November) Member States and the United States to mediate between Turks and Armenians. President Wilson accepted invitation Nov. 30.

The Assembly, In Session From November 15 To December 18, 1920:

Voted, Nov. 22, that the Council should be asked to find some power willing to mediate between Turks and Armenians, and that a special committee of six members of the Assembly should consider that situation.

Voted, Nov. 24, to ask the Council to give wider publicity to its discussions and decisions.

Voted, Dec. 2, to defer consideration of amendments to the Covenant until 1921 session of the Assembly and to provide for a Revision Committee to study amendments. This action caused the withdrawal of the delegation from Argentina.

Voted, Dec. 11, that the elected members of the Council should serve at present for one year only, and that one of them should be neither European nor American.

Voted, Dec. 15, to admit Austria to the League, and chose the elected members of the Council for 1921 as follows: Spain, Brazil, Belgium and China, the latter replacing Greece.

Voted, Dec. 15, to hold an International Conference of all nations in 1921 to prepare international laws against the traffic in women.

Voted, Dec. 15, to establish a Commission of Inquiry concerning the deportations of women in Turkey and Armenia, and to assume responsibility for the enforcement of the regulations of the International Opium Convention.

Voted, Dec. 15, to recommend to the Baltic and Caucasian States and Albania the adoption of measures for the protection of minorities within their borders.

Voted, Dec. 16, to admit Bulgaria, Costa Rica, Finland and Luxembourg to the League.

Voted, Dec. 17, to admit Albania to the League.

THE COUNCIL
Appointed (February-June) a committee of jurists to prepare plan for a Permanent Court of International Justice. The committee met June 16-July 24.

Amended (October) the plan of the committee and approved it for submission to the Assembly.

Supervised and Approved (February-May) the creation of a Permanent International Commission of Communications and Transport. Plan referred to Assembly (May).

Began (February) creation of Permanent International Health Bureau, co-ordinating existing organizations, including International League of the Red Cross. Referred to it the duty of contending with typhus in Poland. Approved form of organization for submission to Assembly (May-August).

Co-ordinated with the Secretariat (May) various organizations for fighting the white slave traffic.

Created (May) International Statistical Commission.

Created (May-August) Permanent Advisory Armaments Commission. This commission first met at San Sebastian Aug. 3.

Approved (May) the creation of the Treaty Registration Bureau in the Secretariat for the registration and publication of all treaties. The first publication of treaties appeared in September.

Began (August) organization of the Mandatory Commission. Referred (August) to Assembly the proposal of an International Blockade Commission.

Approved (November) final plan for Mandatory Commission in form insuring its control by the mandates.

Informed Assembly (Dec. 10) that Council, and not Assembly, must control terms of mandates. Invited (December) the United States Government to name a representative with advisory powers to sit with the Armaments Commission. President Wilson declined the invitation Dec. 8.

Published (Dec. 17) terms of third-class mandates, but refused to publish terms of first-class mandates.

Approved, Dec. 1-8, budget, showing expenditures since June, 1919, and estimating expenses for 1921 at a rate of \$400,000 a month.

Approved, Dec. 9 and 10, of the Commission of Communications and Transport, the Financial and Economics Commission and the International Health Bureau, but refused to give them the title of "Permanent."

Approved, Dec. 10, the creation of an International Blockade Commission to study the use of the League's economic weapon, but each nation must be free to decide for itself whether there has been a breach of the Covenant.

Approved, Dec. 13, the plan for an International Court, as amended by omitting the power of compulsory jurisdiction, but permitting nations to confer that power by agreement among themselves.

Approved, Dec. 14, a program of instructions for the Armaments Commission concerning steps toward reduction of armaments, and requested the Council to ask member-States to consider an agreement that armament expenditures for two years, 1922 and 1923, should not exceed similar expenditures for 1921.

The Secretary General announced, Dec. 2, that Nicaragua and Honduras, two States entitled by the Treaty of Versailles to assume Original Membership in the League of Nations, had sent to him official notification that they had ratified the treaty with the Covenant. Their names were, therefore, now added to the roll of membership, which, at the adjournment on Dec. 11, comprised forty-nine States.

Accepted responsibility for protection of minorities in Poland (February), and in Austria and Bulgaria (October).

Accepted (February) drastic Swiss reservations to Covenant as preliminary to Swiss accession to the League.

Called (February) International Financial Conference, which finally met at Brussels Sept. 24-Oct. 8.

Approved (October) its recommendation of a Financial and Economic Commission, which was named and established in November.

Appointed (March) Commission of Inquiry to go to Russia. Soviet authorities by action of the Soviet authorities.

Refused to accept mandate for America (April and October). Refused to undertake protection of minorities in Turkey (April), and to intervene between Arabs and French in Syria (August) on ground that Turkish Treaty is not ratified.

Appointed (April) Dr. Nansen to manage repatriation of war prisoners in Russia.

Received (June) Persian appeal for protection against Russian invasion, and recorded Soviet declaration that its forces had left Persia.

Heard Swede-Finn controversy over Aaland Island (July), accepted jurisdiction and appointed committee to prepare a final settlement (September-October).

Received (September) appeal from Poland concerning boundary disputes with Lithuania, and sent Special Commission of Control.

Approved (October) proposal for plebiscite in Vilna, subject to assent of Assembly.

Approved (November) creation of a force of about 1,800 men, representing many member States, which should be sent to Vilna to maintain, under the direction of the League Commission, peace and order in the disputed territory during a plebiscite.

Approved (December) plan of Financial and Economic Commission for creation of International Credits Commission to mediate between borrower nations and their creditors. The Council takes powers of an International Credits Court.

December 18, 1920:

Disapproved, Dec. 1, of Sr. Tittoni's plan for insuring an impartial, international distribution of raw materials; referred the matter vaguely to the Financial and Economic Commission.

Decided, Nov. 15, that applications for admission would be considered without limitations of date, and that each member State had an unrestricted right to select its representatives.

Decided, Nov. 16, that public meetings of its committees were optional with each committee, and that all final reports should be available for publication.

Adopted, Dec. 6 and 7, an elaborate report defining the relations between the Assembly and the Council.

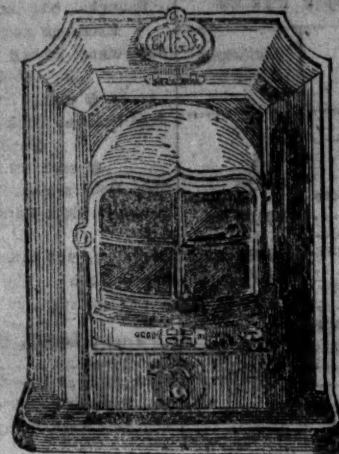

Adopted, Dec. 18, the reports of its Committee on Mandates, establishing the Mandatory Commission, and making recommendations concerning the activities of the Council.

Refused, Dec. 18, to record itself in favor of teaching Esperanto as an international language, and adjourned until the first Monday in September, 1921.

Garrett P. Serviss's Article

How Temperature Affects Work Of Human Brain—Best Result Cannot Be Obtained Overheated Rooms, Experience Shows

What a delicate machine is this brain of ours! Here is Professor Ellsworth Huntington affirming, as the result of years of special investigation, that 64 degrees Fahrenheit is the optimum temperature for mental work, and that the efficiency of such work notably falls off both when the temperature rises above 68 degrees and when it descends below 45 degrees—a range of only 20 degrees! Well, I am willing to testify from experience that 64 degrees is truly about the right temperature for cerebral activity.

Nearly all rooms are kept far too warm in the winter time. When rooms at the temperature of 64 or 65 degrees seem chilly it is because of draughts entering through too loosely fitted doors or windows. A current of air need not be cold to produce a sensation of cold or to give a "cold" to a person subjected to its touch. Then, too, overheating by artificial means produces a worse effect on the brain than results from an equally high temperature originating solely from the solar radiation.

Professor Huntington points out that physical work can be efficiently performed within a wider range of temperature than that which limits mental work. Almost everybody has noticed that cold, sharp weather sufficient to chill the faculties of the brain generally stimulates the muscular system. The wood-chopper does much of his best work, with the least fatigue, in winter weather—extremes, of course, being excluded.

Contrary, perhaps, to common belief, I think that physical effort is also less affected by too high temperature than is mental effort. It is easier to chop wood than to write a masterpiece at 90 degrees.

Although we are not so completely the children of the seasons as are many other animals, yet to a surprising degree we are dominated by climatic influences in all of our activities. Professor Huntington, who has carried far the theory of climatic control in human history, and has backed

it with very impressive evidence, finds from his data that early Fall and early Spring are the seasons when the brain works the most efficiently.

This, too, accords with the teachings of general experience. But I imagine that I can detect a characteristic difference between the mental stimuli furnished by these two optimum seasons.

In the Spring I fancy that new thoughts start up more readily, the crop of fresh ideas seems more abundant and more sprightly. In the Fall, with the earliest Autumn coolness and brightness, arrives a reinforcement of mental energy which strengthens the mind for dealing more effectively with old ideas, which may have been cast aside as unmanageable in the enervating Summer heat.

A few days ago I took down for the first time in many years an old book that had made a deep impression upon me when I was a college student. It was Arnold Guyot's "Earth and Man." I dipped into it with renewed interest, and presently I began to be amused by pencilled notes on the margins where I had expressed my juvenile dissent from the author's repeated affirmation that America was essentially a tropical world, and that "its most richly endowed countries are situated under the sun of the tropics."

A STRIKING COMMENTARY— I think still that Guyot was too much influenced by the thought of the wealth of precious metals possessed by the tropical regions of America (he wrote in the year of the California "Argonauts," and consequently could not guess what temperate North America had concealed in its golden sands and silver ribs); but on reperusal of his book I have been impressed with the fitness of his characterization of America as far as it concerned its history before the arrival of Columbus and his successors.

That history is a striking commentary on the dominance of climate in human affairs, and especially the affairs of men in the earlier centuries. The native American tribes were not intellectual. They could bear, and they evidently preferred, tropical climates.

The temperate regions of North America, now the seat of a crowning civilization, were neglected by the red men. Scattered tribes roamed over thousands of square miles of un-

developed territory, rich both in minerals and in vegetation, astonishingly fertile and filled with all kinds of possibilities, awaiting only a touch to spring up as realities, but they left as their highest monuments only a few rough burial mounds and rude earth structures motivated by superstition.

The only American tribes that reached even the upper status of barbarism, without any of them attaining a real civilization, were confined between the tropics of Cancer and Capricorn, the former crossing Mexico and the latter embracing all of Peru.

It is true, then, that America was essentially a tropical continent, as far as man was concerned, until the intellectual peoples who had been developed in the temperate zone of the Old World crossed the ocean and gave it a new birth in history. No race climbs high whose brain is not kept cool.

Bobbie And His Pa

BY WILLIAM F. KIRK

At this time of year, sed Pa, it is inter-esting for to think how all them little seeds in the ground is sleeping, waiting to grow up later into waving grass, sed Pa, & make the farmers rich, & the farmers are gitting rich, too, sed Pa, the funny papers used to call the farmers moss-backs, Pa sed, but they ain't mossbacks no more, they are there with the greenbacks & yellowbacks, sed Pa.

I have always leened a littel toward a life on the farm, sed Ma.

You leened the other way pritty hard wen we had that littel farm in Sullivan County, sed Pa. That was beekaus you took no interest in the farm yureself, Ma sed. You used to set out in the garden & sing.

What if the cutworms cut everything down.

We can always go back to New York town.

Did I sing that? sed Pa.

You talked it, sed Ma, nobody ever sed you sang it. But you yerned for the big bildings & the white lites, Ma sed, so we galv up farming & returned to the city of aking harts, sed Ma.

It is a grand old city, tho, sed Pa. There is a lot of joy everywhere if we look for it, sed Pa, even in polyticks. I was toald by a friend that they want me to run for Alerman this Spring, sed Pa.

You tried that once, sed Ma, & got a vary skattering vote, if I remember, Ma sed.

I am better known now, sed Pa.

Then the vote wud be even moor skattering, I guess, sed Ma. You shud ought for to encourage me in my desires for Fame, sed Pa. Life is kind of short, sed Pa, & a true gent always feels like making as much out of his life as he can.

You are doing well enuff without mixing up in polyticks, sed Ma.

I guess I mite as well be on a farm, for all the sites I see in this here city evennings, sed Pa. You are better off at yure own fireside anyway, Ma toald Pa.

Here you are setting a good example for Bobbie, so wen he grows up he will stay at hoam evenings.

If I had stayed at hoam evenings wen I was a yung gent, sed Pa, I wud not have met you. I met you at a dance, sed Pa, & you looked beewiching, sed Pa. You do even yet sed Pa.

Well, sed Ma, you have been so good & steady that I guess I will let you run along & play this evening. So Pa went & he was grinning like a kid. I guess men is kids anyhow.

Woman Forgets Dress In Last-Minute Shopping

Pittsburgh, Pa., Jan. 1.—A woman—a last minute shopper—wearing an expensive sealskin coat which reached to her ankles, came into a large department store to buy a pair of gloves.
After completing the purchase she opened her coat to get her purse and then fainted. She had forgotten to put on a dress.

Heirs Attack Will Giving \$500,000 To Aid Students

Portland, Ore., Jan. 1.—Suit has been filed here on behalf of the heirs of Bernard Daly to break the will, which set aside \$500,000 to send not less than fifteen young men and women from Lakeview County to college each year.
The heirs ask that Dalny declared to have died intestate as to all portions of this educational fund. There are fifteen heirs who want this \$500,000 divided among them.

Mother And Twins Saved By Caesarian Operation

Chicago, Jan. 1.—A Caesarian operation performed in the Washington Park Hospital saved the lives of a mother and a pair of twins. The mother is Mrs. Edward J. Mason.
Dr. Richard Singer, who operated, said one of the twins, a girl, weighed eight pounds six ounces. The Masons have four other children. Twins have been born in the families of both the father and mother.

Man Teacher Introduces Kissing Games; He's Fired

Philadelphia, Pa., Jan. 1.—"Letter in the post office," "spin the plate" and other kissing games have no part in the school curriculum. So the school board of North Wales, Pa., has decided, with the result that Russell R. Brown, who introduced the novelty in the sixth grade classroom, is now looking for a job.
It wasn't long before the pupils told their parents about the lovely kissing games. Then Prof. A. Rackerman, the supervising principal, heard about it. Then Brown heard from the school board.

Drought Deprives Swiss Of Power

Electricity Lacking For Many Services—Rivers And Lakes At Very Low Levels

Berne, Jan. 25.—Switzerland is having a phenomenally dry Christmas—not that the country lacks alcoholic drinks, but that it lacks water, so much so that in certain districts people are obliged to get out their old oil lamps and buy candles again, there being no water for electricity. Many factories for some time past have been closed wholly or partly because of electricity scarcity, and even the Loetschberg Railway between Berne and the Simplon Tunnel is obliged to run reduced train services and actually use steam-driven engines between Berne and Thun. Tram services in many places also have been reduced and trams are unheated, and in Fribourg and Lausanne electricity is forbidden for cooking or heating and is cut off during certain hours altogether.

The drought has now lasted about three months. There were no Autumn rains and very little snow has fallen hitherto. Moreover, in the high Alps heavy frost prevails, and consequently no snow melts, so that many rivers are mere streams. Many smaller watercourses are mere trickles or dry, and lakes are extraordinarily low, sometimes so low that steamer services have had to be suspended.

Even the Rhine is so low that no barges can reach Basel. Switzerland is therefore having

ing not merely a dark but dry Christmas.
